I'm still looking to see when CBD submitted what, but they at least submitted the Bednarsek, 2012 paper during the public comment period, and the email below documents me sending the Bednarsek, 2014 paper to OR and advising them to consider it during their response to comments.

Hi Karla,

Can you please make sure that you guys reviewed the following article and address it in the CBD response to comments? I know it came out well after your data cutoff, but I know it will be brought up. Thx.
